VOLUME 53 · CONTENTS

No 1 JANUARY 1999

Page **In this number**

1 Do only French doctors discriminate against intravenous drug users? *S van de Vathorst, C Alvarez-Dardet*

Editorial

2 Violence: developing a policy agenda *D Stanistreet*

Research reports

4 Access to antiretroviral treatment among French HIV infected injection drug users: the influence of continued drug use *M P Carrieri, J P Moatti, D Vlahov, Y Obadia, C Reynaud-Maurupt, M Chesney, and the MANIF 2000 Study Group*

9 Smoking, drinking, and other life style factors and cognitive function in men in the Caerphilly cohort *P C Elwood, J E J Gallacher, C A Hopkinson, J Pickering, P Rabbitt, B Stollery, C Brayne, F A Huppert, A Bayer*

15 Association between asthma and family size between 1977 and 1994 *R J Rona, J M Hughes, S Chinn*

20 Study of environmental, social, and paternal factors in preterm delivery using sibs and half sibs. A population-based study in Denmark *O Basso, J Olsen, K Christensen*

24 High cost factors for leukaemia and lymphoma patients: a new analysis of costs within these diagnosis related groups *C Quantin, F Entezam, P Brunet-Lecomte, E Lepage, H Guy, L Dusserre*

Theory and methods

32 Gains in life expectancy after elimination of major causes of death: revised estimates taking into account the effect of competing causes *J P Mackenbach, A E Kunst, H Lautenbach, Y B Oei, F Bijlsma*

38 Influence of proxy respondents in children's health interview surveys *L Rajmil, E Fernández, R Gispert, M Rué, J P Glutting, A Plasència, A Segura*

43 Steady state assumptions in DALYs: effect on estimates of HIV impact *A A Hyder, R H Morrow*

46 Assessment of the SF-36 version 2 in the United Kingdom *C Jenkinson, S Stewart-Brown, S Petersen, C Paice*

51 Relation between experimental and non-experimental study designs. HB vaccines: a case study *T Jefferson, V Demicheli*

Public health policy and practice

55 Neighbourhood differences in diet: the Atherosclerosis Risk in Communities (ARIC) Study *A V Diez-Roux, F J Nieto, L Caulfield, H A Tyroler, R L Watson, M Szklo*

64 **Notices**

No 2 FEBRUARY 1999

Page **In this number**

65 Would Sir Edward Chadwick be allowed to practice public health today? Do we need a philosophy of public health? *K McPherson, C Alvarez-Dardet*

Research reports

66 Relative importance of heritable characteristics and lifestyle in the development of maternal obesity *H E Harris, G T H Ellison, S Clement*

75 Association between educational level and health related quality of life in Spanish adults *E Regidor, G Barrio, L de la Fuente, A Domingo, C Rodriguez, J Alonso*

83 Health, cognitive, and psychosocial factors as predictors of mortality in an elderly community sample *A E Korten, A F Jorm, Z Jiao, L Letenneur, P A Jacomb, A S Henderson, H Christensen, B Rodgers*

89 Trends in coronary heart disease in two Belgian areas: results from the MONICA Ghent-Charleroi study *S De Henauw, D De Bacquer, P de Smet, M Kornitzer, G De Backer*

Theory and methods

99 Towards a philosophy of public health *D L Weed*

105 DISCERN: an instrument for judging the quality of written consumer health information on treatment choices *D Charnock, S Shepperd, G Needham, R Gann*

Public health policy and practice

112 Tuberculosis infection and disease among schoolchildren: the influence of the HIV epidemic and of other factors *J R Villalbí, H Galdós-Tangüis, J A Caylà, P Casañas, A Ferrer, M Nebot*

118 Is follow up by specialists routinely needed after elective surgery? A controlled trial *J Bailey, M Roland, C Roberts*

Short report

125 Review of the "City Health Profiles" produced by WHO-Healthy Cities—do they present information on health and its determinants and what are their perceived benefits? *P Webster*

128 **Letter to the editor**

No 3 MARCH 1999

Page **In this number**

129 Rights of Nicaraguan women *C Alvarez-Dardet*

Editorial

130 Public health issues in Hong Kong and China *L Shiu-Hung*

Research reports

132 Fertility and infant mortality trends in Nicaragua 1964–1993. The role of women's education *R Peña, J Liljestrand, E Zelaya, L-Å Persson*

138 Social prognostic factors of mortality in a random cohort of Geneva subjects followed up for a period of 12 years *M Gognalons-Nicolet, F Derriennic, C Monfort, B Cassou*

144 Association of sexual problems with social, psychological, and physical problems in men and women: a cross sectional population survey *K M Dunn, P R Croft, G I Hackett*

149 Prevalence of varicose veins and chronic venous insufficiency in men and women in the general population: Edinburgh Vein Study *C J Evans, F G R Fowkes, C V Ruckley, A J Lee*

154 An assessment of spatial clustering of leukaemias and lymphomas among young people in New Zealand *J D Dockerty, K J Sharples, B Borman*

Theory and methods

159 Validation of the University of Manchester Drug Misuse Database *T Crabbe, M Donnall, T Millar*

165 The validity of dietary assessment in general practice *P Little, J Barnett, B Margetts, A-L Kinmonth, J Gabbay, R Thompson, D Warm, H Warwick, S Wooton*

Public health policy and practice

173 Twice vaccinated recipients are better protected against epidemic measles than are single dose recipients of measles containing vaccine *M Paunio, H Peltola, M Valle, I Davidkin, M Virtanen, O P Heinonen*

179 Secondary analysis of economic data: a review of cost-benefit studies of neonatal screening for phenylketonuria *J Lord, M J Thomason, P Littlejohns, R A Chalmers, M D Bain, G M Addison, A H Wilcox, C A Seymour*

Short reports

187 Operationalisation of a demand/resource model of health: an explorative study *W Freidl, E Rásky, W-J Stronegger*

189 The choice of deprivation in measuring poorer health in Northamptonshire *P M Bradley*

191 Barriers to physical activity and socioeconomic position: implications for health promotion *D J Chinn, M White, J Harland, C Drinkwater, S Raybould*

No 4 APRIL 1999

Page **In this number**

193 Challenging previous assumptions *C Alvarez-Dardet*

Editorials

194 On editorial freedom: implications of the JAMA affair *M McKee, C Alvarez-Dardet*

195 Social capital: is it good for your health? Issues for a public health agenda *F Baum*

Research reports

197 Are risk factors for atherothrombotic disease associated with back pain sickness absence? The Whitehall II study *H Hemingway, M Shipley, S Stansfeld, H Shannon, J Frank, E Brunner, M Marmot*

204 Suicide, religion, and socioeconomic conditions. An ecological study in 26 countries, 1990 *J Neeleman, G Lewis*

211 Social mobility and health related behaviours in young people *S Karvonen, A H Rimpelä, M K Rimpelä*

218 Gender inequalities in health and health care services use in Catalonia (Spain) *E Fernandez, A Schiaffino, L Rajmil, X Badia, A Segura*

223 Longitudinal, population-based study of self reported alcohol habits, high levels of sickness absence, and disability pensions *M Upmark, J Möller, A Romelsjö*

230 Decline in lung function and mortality: The Busselton Health Study *G Ryan, M W Knuiman, M L Divitini, A James, A W Musk, H C Bartholomew*

Theory and methods

235 Studying seasonality by using sine and cosine functions in regression analysis *A M Stolwijk, H Straatman, G A Zielhuis*

239 Smoking habits among pregnant Danish women: reliability of information recorded after delivery *U Kesmodel, S F Olsen*

Public health policy and practice

243 Shifting the distribution of risk: results of a community intervention in a Swedish programme for the prevention of cardiovascular disease *L Weinehall, G Westman, G Hellsten, K Boman, G Hallmans, T A Pearson, S Wall*

Short reports

251 Social deprivation and patterns of consultation for respiratory symptoms: a population-based cohort study *P M Trinder, P R Croft, M Jones, G Thomas, J Bashford, M Dudgon*

253 The life span of Methodist ministers: an example of the use of obituaries in epidemiology *T Allison, S St Leger*

255 Multiple myeloma in south Cumbria: prediction fulfilled *R Maheswaran, R A Arnold, E G Jessop*

256 **Letters to the editor**

No 5 MAY 1999

Page **In this number**

257 Oil spills and health advocacy *C Alvarez-Dardet*

Editorials

258 Type 3 errors, pill scares, and the epidemiology of oral contraception and health *K McPherson*

261 The covert influence of the tobacco industry on research and publication: a call to arms *R Edwards, R Bhopal*

263 Models: instruments for evidence based policy *L J Gunning-Schepers*

Research reports

264 An inverse relation between blood pressure and birth weight among 5 year old children from Soweto, South Africa *N S Levitt, K Steyn, T De Wet, C Morrell, R Edwards, G T H Ellison, N Cameron*

269 Familial predisposition and susceptibility to the effect of other risk factors for myocardial infarction *M Hippe, J Vestbo, H O Hein, K Borch-Johnsen, G Jensen, T I A Sørensen*

277 Patterns of smoking in the Baltic Republics *I Pudule, D Grinberga, K Kadziauskiene, A Abaravicius, S Vaask, A Robertson, M McKee*

283 Lymphatic and haematopoietic cancer mortality in a population attending school adjacent to styrene-butadiene facilities, 1963–1993 *J E Loughlin, K J Rothman, N A Dreyer*

288 The magnitude of differences in perceived general health associated with educational level in the regions of Spain *E Regidor, V Dominguez, P Navarro, C Rodriguez*

294 The Health Education Authority's health and lifestyle survey 1993: who are the low fruit and vegetable consumers? *R L Thompson, B M Margetts, V M Speller, D McVey*

Theory and methods

300 How good is the Prevent model for estimating the health benefits of prevention? *H Brønnum-Hansen*

Public health policy and practice

306 Acute health effects of the Sea Empress oil spill *R A Lyons, J M F Temple, D Evans, D L Fone, S R Palmer*

311 Nutritional counselling in general practice: a cost effective analysis *D A Pritchard, J Hyndman, F Taba*

Short reports

317 Geographical clustering of acute adult leukaemia in the East Anglian region of the United Kingdom: a registry-based analysis *P Badrinath, N E Day, D Stockton*

319 Assessment of differential item functioning in the Perceived Stress Scale-10 *S R Cole*

No 6 JUNE 1999

Page **In this number**

321 Inequalities in health: then and now *J Ashton, C Alvarez-Dardet*

Editorials

322 The Acheson report: beyond parenthood and apple pie? *R Barnes, A Scott-Samuel*

324 High rates and a healthy city *S Sheard*

Research reports

325 Poverty, time, and place: variation in excess mortality across selected US populations, 1980–1990 *A T Geronimus, J Bound, T A Waidmann*

335 Unemployment, depression, and health: a look at the African-American community *E Rodriguez, J A Allen, E A Frongillo Jr, P Chandra*

343 Mental distress and risk of hip fracture. Do broken hearts lead to broken bones? *L Forsén, H E Meyer, A J Søgaard, S Næss, B Schei, T-H Edna*

348 Association between job characteristics and plasma fibrinogen in a normal working population: a cross sectional analysis in referents of the SHEEP study *A Tsutsumi, T Theorell, J Hallqvist, C Reuterwall, U de Faire*

355 Inequalities in low birth weight: parental social class, area deprivation, and "lone mother" status *S Pattenden, H Dolk, M Vrijheid*

359 Overtime, psychosocial working conditions, and occurrence of non-insulin dependent diabetes mellitus in Japanese men *N Kawakami, S Araki, N Takatsuka, H Shimizu, H Ishibashi*

364 Family, religion, and depressive symptoms in caregivers of disabled elderly *M-V Zunzunegui, F Béland, A Lláce r, I Keller*

Public health policy and practice

370 1997 Chadwick Lecture—Is a healthy North West Region achievable in the 21st century *J Ashton*

Short report

383 Non-Hodgkin's lymphoma and nitrate in drinking water: a study in Yorkshire, United Kingdom *G Law, R Parslow, P McKinney, R Cartwright*

No 7 JULY 1999

Page **In this number**

385 Genes as causes: scientific fact or simplistic thinking? *M Porta, J Ashton, C Alvarez-Dardet*

Editorials

386 Who will grasp the public health nettle in London? *M Bardsley, B Jacobson*

388 The study of social inequalities in health in Spain: where are we? *C Borrell, M I Pasarin*

390 Working conditions and social inequalities in health *S Moncada*

392 Trends in cervical cancer mortality *F X Bosch*

Research reports

393 Risk of dementia in parents of probands with and without the apolipoprotein E4 allele. The EVA study *S Danet, T Brousseau, F Richard, P Amouyel, C Berr, for the EVA Study Group*

399 Workplace as an origin of health inequalities *J Vahtera, P Virtanen, M Kivimäki, J Pentti*

408 Increase in cervical cancer mortality in Spain, 1951–1991 *J Llorca, M D Prieto, M Delgado-Rodriguez*

412 Determinants of self assessed health among Spanish older people living at home *J Damian, A Ruigomez, V Pastor, J M Martin-Moreno*

Theory and methods

417 Association between condom use and HIV infection: a randomised study of self reported condom use measures *S S Weir, R E Roddy, L Zekeng, K A Ryan*

Public health policy and practice

423 Geographical patterns of excess mortality in Spain explained by two indices of deprivation *J Benach, Y Yasui*

Short reports

432 Smoking and intrauterine growth retardation in Republic of Benin *L Fourn, S Ducic, L Seguin*

434 Evaluation of the impact of Dublin's expanded harm reduction programme on prevalence of hepatitis C among short-term injecting drug users *B P Smyth, E Keenan, J J O'Connor*

436 Reduction in drug related suicide in Scotland 1990–1996: an artefactual explanation *T Squires, D Gorman, J Arrundale, S Platt, P Fineron*

438 Contrasting trends in rates of genital chlamydial infection and ectopic pregnancy in South East Thames Region, England and Uppsala County, Sweden: ecological study *N Low, M Egger, I Simms, B Herrmann*

440 Contrasting evidence of the effectiveness of cosmetic surgery from two health related quality of life measures *A Klassen, R Fitzpatrick, C Jenkinson, T Goodacre*

442 Lost information? The fate of papers presented at the 40th Society for Social Medicine Conference *M Petticrew, S Gilbody, F Song*

444 Relative importance of urbanicity, ethnicity and socioeconomic factors regarding area mortality differences *S A Reijneveld, R A Verheij, D H de Bakker*

446 **Acknowledgements**

448 **Letter to the editor**

448 **Notices**

No 8 AUGUST 1999

Page **In this number**

449 The enuresis–incontinence connection; Tolerance and reconciliation *D Kuh, J Ashton, C Alvarez-Dardet*

Editorials

450 Kosovo: the challenge to public health *P Johnstone*

451 Global + local = glocal public health *I Kickbusch*

Research reports

453 Urinary incontinence in middle aged women: childhood enuresis and other lifetime risk factors in a British prospective cohort *D Kuh, L Cardozo, R Hardy*

459 Longer pre-hospital delay in acute myocardial infarction in women because of longer doctor decision time *J Bouma, J Broer, J Bleeker, E van Sonderen, B Meyboom-de Jong, M J L DeJongste*

465 Gender differences in minor morbidity among full time employees of a British university *C Emslie, K Hunt, S Macintyre*

476 Asthma prevalence and deprivation: a small area analysis *C Salmond, P Crampton, S Hales, S Lewis, N Pearce*

481 Coffee and tea consumption in the Scottish Heart Health Study follow up: conflicting relations with coronary risk factors, coronary disease, and all cause mortality *M Woodward, H Tunstall-Pedoe*

Theory and methods

488 A small area analysis estimating the prevalence of addiction to opioids in Barcelona, 1993 *M T Brugal, A Domingo-Salvany, A Maguire, J A Caylà, J R Villalbi, R Hartnoll*

495 Socioeconomic status and birth weight: comparison of an area-based measure with the Registrar General's social class *N Spencer, S Bambang, S Logan, L Gill*

Public health policy and practice

499 Deprivation and excess winter mortality *S Shah, J Peacock*

503 Impact of chronic pain on health care seeking, self care, and medication. Results from a population-based Swedish study *H I Andersson, G Ejlertsson, I Leden, B Scherstén*

Short report

510 Epidemiology and public health journals on the internet *E Fernández, J Sobrequés, A Schiaffino*

502 Tolerance and reconciliation: the spiritual prerequisites to health *S Lang, J Ashton*

No 9 SEPTEMBER 1999

Page **In this number**

513 Public health protection *J R Ashton*

Editorials

514 Zoonoses *C A Hart, M Bennett, M E Begon*

516 Policies for public health management of meningococcal disease *N Begg*

517 Health protection in the next millennium: from tactics to strategy? *M Regan*

Research reports

519 Health expectancy in New Zealand, 1981–1991: social variations and trends in a period of rapid social and economic change *P Davis, P Graham, N Pearce*

528 Comparing smoking and smoking cessation process in the Republic of Karelia, Russia and North Karelia, Finland *T Laatikainen, E Vartiainen, P Puska*

535 Educational attainment, deprivation-affluence and self reported health in Britain: a cross sectional study *I R White, D Blane, J N Morris, P Mourouga*

Theory and methods

542 An economic model to estimate the relative costs over 20 years of different hip prostheses *K Baxter, G Bevan*

548 A cardiovascular extension of the Health Measurement Questionnaire *A J Martin, P P Glasziou, R J Simes*

558 Cancer registry data based estimation of regional cancer incidence: application to breast and colorectal cancer in French administrative regions *M Colonna, P Grosclaude, J Faivre, A Remzani, P Arveux, G Chaplain, B Tretarre, G Launoy, J M Lesec'h, N Raverdy, P Schaffer, A Buémi, F Ménégoz, R J Black*

Public health policy and practice

565 Managing meningococcal disease case clusters: art or science? *K Ardern, S Bowler, R M Hussey, C M Regan*

572 Does increased investment in coronary angiography and revascularisation reduce socioeconomic inequalities in utilisation? *C J Manson-Siddle, M B Robinson*

578 Balkan briefing. Reflections on the health of a refugee population (part 1) *C H Duff*

Short reports

580 Does ozone have any effect on daily hospital admissions for circulatory diseases? *C-M Wong, S Ma, A J Hedley, T-H Lam*

582 Postcodes as useful markers of income in 26 000 British households *J Danesh, S Gault, J Semmence, P Appleby, R Peto*

583 Modelling influenza epidemics in the relation between black smoke and total mortality. A sensitivity analysis *A Tobias, M J Campbell*

585 Poor urban environments: use of paraffin and other fuels as sources of indoor air pollution *R S Bailie, L S Pilotto, R I Ehrlich, S Mbuli, R Truter, P Terblanche*

587 Validity of mortality data for Parkinson's disease *N J Phillips, J Reay, C N Martyn*

589 Family doctor advice is the main determinant of pneumococcal vaccine uptake *M H Kyaw, J S Nguyen-Van-Tam, J C G Pearson*

591 **Letters to the editor**

591 **Book reviews**

No 10 OCTOBER 1999

Page **In this number**

593 Was Claude Bernard wrong? *C Alvarez-Dardet*

Editorials

594 Balkan briefing. Abuses of human rights in the Kosovo region of the Balkans *R N Gent*

597 Poverty and world health: challenges and opportunities *A Haines*

599 Social inequalities in severity of illness *J Latour-Perez*

601 Measuring women's social position: the importance of theory *M Bartley*

Research reports

603 An additional dimension to health inequalities: disease severity and socioeconomic position *J Eachus, P Chan, N Pearson, C Propper, G Davey Smith*

612 Comparing individual-based and household-based measures of social class to assess class inequalities in women's health: a methodological study of 684 US women *N Krieger, J T Chen, J V Selby*

624 Socioeconomic and work related determinants of pregnancy outcome in southern Thailand *P Tuntiseranee, J Olsen, V Chongsuvivatwong, S Limbutara*

630 Time trends in neural tube defects prevalence in relation to preventive strategies: an international study *A Rosano, D Smithells, L Cacciani, B Botting, E Castilla, M Cornel, D Erickson, J Goujard, L Irgens, P Merlob, E Robert, C Siffel, C Stoll, Y Sumiyoshi*

636 Differences between infants and adults in the social aetiology of wheeze *D Baker, J Henderson, and the ALSPAC Study Team*

Public health policy and practice

643 A randomised controlled trial. Shifting boundaries of doctors and physiotherapists in orthopaedic outpatient departments *G Daker-White, A J Carr, I Harvey, G Woolhead, G Bannister, I Nelson, M Kammerling*

651 **Letters to the editor**

598 Abel Wolman Lecture *K Asmal* (summarised by I Sram)

654 Human rights—a public health issue? *I Sram*

Abstracts

655 Society for Social Medicine annual meeting 1999

No 11 NOVEMBER 1999

Page **In this number**

677 The globe, society and genes as complex issues *C Alvarez-Dardet*

Editorials

678 Sticky webs, hungry spiders, buzzing flies, and fractal metaphors: on the misleading juxtaposition of "risk factor" versus "social" epidemiology *N Krieger*

681 The new GATT Round: Whose development? Whose health? *T Lang*

683 Practice makes perfect: developing public health practice *M Morris, J Hutchinson*

685 *ras* Mutations and a cup of coffee: cause, confounder, effect modifier, or what else? *P Vineis*

686 Every step counts: towards a smoke free society *J R Villalbi*

Research reports

687 Inequality in health: socioeconomic differentials in mortality in Rome, 1990–95 *P Michelozzi, C A Perucci, F Forastiere, D Fusco, C Ancona, V Dell'Orco*

694 Suicide and unemployment in Italy, 1982–1994 *A Preti, P Miotto*

702 Association between coffee drinking and K-*ras* mutations in exocrine pancreatic cancer *M Porta, N Malats, L Guarner, A Carrato, J Rifà, A Salas, J M Corominas, M Andreu, F X Real for the PANKRAS II Study Group*

710 Short-term impact of a university based smoke free campaign *J-F Etter, A Ronchi, T V Perneger*

716 Perceived sensitivity of mammographic screening: women's views on test accuracy and financial compensation for missed cancers *A Barratt, J Cockburn, C Furnival, A McBride, L Mallon*

721 Beer, wine, spirits and subjective health *M Grønbæk, E L Mortensen, K Mygind, A T Andersen, U Becker, C Gluud, T I A Sørensen*

725 Randomised studies of income supplementation: a lost opportunity to assess health outcomes *J Connor, A Rodgers, P Priest*

731 Determinants of self rated health for Canadians with chronic disease and disability *C A Cott, M A M Gignac, E M Badley*

Short report

737 Is the frequency of having an eye test associated with socioeconomic factors? A national cross sectional study in British elderly *J C van der Pols, J R Thompson, C J Bates, A Prentice, S Finch*

739 **Letters to the editors**

740 **Book reviews**

No 12 DECEMBER 1999

Page **In this number**

741 On dioxins, Liverpool, lone motherhood and homocysteine *C Alvarez-Dardet, J Ashton*

Editorials

742 Dioxins in Belgian feed and food: chickens and eggs *A J McMichael*

744 Dioxin in feed and food: Is public health running behind? *H van Oyen*

746 Finding identity in a virtual world *L Duhl*

748 Health inequality and public policy: one year on from the Acheson report *D Blane*

749 Being a woman is hard work: the policy implications of poor health among lone mothers *J Popay*

Research reports

750 Lone mothers in Sweden: trends in health and socioeconomic circumstances, 1979–1995 *B Burström, F Diderichsen, S Shouls, M Whitehead*

757 When does cardiovascular risk start? Past and present socioeconomic circumstances and risk factors in adulthood *E Brunner, M J Shipley, D Blane, G Davey Smith, M G Marmot*

765 Socioeconomic and demographic predictors of mortality and institutional residence among middle aged and older people: results from the Longitudinal Study *E Breeze, A Sloggett, A Fletcher*
775 Variation in the provision of chemotherapy for colorectal cancer *A McLeod*
782 East Ireland 1980–1994: epidemiology of neural tube defects *R J McDonnell, Z Johnson, V Delaney, P Dack*

Theory and methods

789 Similarities in the epidemiology of neural tube defects and coronary heart disease: is homocysteine the missing link? *D H Stone, P McCarron, G Davey Smith*

Public health policy and practice

794 Dr Duncan's legacy in a remote New Guinea valley *P O D Pharoah*
801 Dr Duncan's legacy in Liverpool today *R Hussey*
